Crime Prevention

Crime Prevention – Vehicle Crime

Vehicle crime is unfortunately a constant blight in our communities. Unfortunately a large percentage of vehicle crime occurs because opportunists are being given an easy time by members of the public not locking their vehicles. Here are a few further tips to consider when thinking about vehicle security:

- Leave it on show expect it to go. Always remove valuables from your vehicle
- Remove Satnavs including cradles and their sucker marks
- Don't leave tools in vans overnight
- If you have a garage use it
- If you have a catalytic convertor then consider a metal cage or getting it etched
- Register any vehicle equipment (CD players etc) with www.immobilise.com

Neighbourhood Priorities

#YouSaidWeDid

Road Safety

Parking close to schools during drop off and pick up times continues to cause problems for local residents as well as schools themselves with regards to the safe entry and exit for pupils. Police encourage parents to park a safe distance from the entrance to schools and walk their children to the school gates.

Parking on pavements continues to be a problem and all drivers should park fully on the road wherever possible. If parking on the pavement is unavoidable, space must be left to enable a Double Buggy or a Mobility Scooter to pass in safety.
